

DIETARY CONCERNS GUIDE

FOR GLUTEN SENSITIVITY, FOOD ALLERGY AND VEGETARIAN/VEGAN GUESTS...
WHAT YOU NEED TO KNOW TO ENJOY MELT WORRY FREE!

Melt Bar and Grilled recognizes, respects and welcomes all guests with dietary limitations and concerns. All products served at Melt are produced fresh daily in a facility that contains gluten, possible allergens and animal products. We have implemented many procedures and precautions to separate these products to ensure our dietary-sensitive guests' comfort. However, we cannot guarantee a 100% gluten free, 100% allergen free or 100% vegetarian/vegan experience.

THINGS YOU SHOULD KNOW

- Melt Bar and Grilled lists all menu items with potential food allergies in a Menu Allergen & Ingredient List Guide which is accessible by all staff members. The Melt staff can answer any allergy or ingredient question you may have.
- Melt Bar and Grilled does not offer separate deep fryers to accommodate guests' dietary concerns. There is a possibility that products containing gluten, potential allergens and animal products will be prepared in our fryers. We suggest guests with a sensitivity to gluten do not consume any items prepared in our fryers.

- All preparation and cooking surfaces will be single use for all gluten sensitive guests including clean equipment, cutting boards and knives.
